CANNON RENOMINATED

Boutelle and Other Standpatters Downed in Illinois.

Chicago, Sept. 16.—At the state-wide primary election in Illinois the leading features were the renomination of Joseph G. Cannon for congress by a generous majority over Dr. Downs, the overwhelming defeat of Representative Henry S. Boutelle, standpatter in the Ninth district by F. P. Gansberger, insurgent, the probable defeat of Representative George R. Foss in the Tenth district, and the renomination of nearly all the legislators charged with participation in the legislative "jack pot," are the striking features of the Illinois state-wide primary election.

Lee O'Neill Browne, who was acquitted last week of the charge of bribing legislators to vote for William Lorimer for senator, is renominated.

Robert E. Wilson of Chicago, under indictment for perjury and charged by other legislators in court with having distributed part of the "jack pot" in a St. Louis hotel barroom, is renominated by a positive majority. John Broderick is also renominated.

Representative James R. Mann, against whom a strong fight was made by two insurgents, Joseph R. Burrs and Louis J. Behan, in the Second district, has won. His friends did heroic work for him at the polls, believing he was a formidable candidate for speaker of the house to succeed Cannon. Boutelle lost the nomination by over 1,000 votes.

Edward D. Shurtliff, speaker of the house, is believed to be renominated. David E. Lamahan of Chicago, an old member of the house, who has come in for a great deal of criticism, wins easily.

In other congressional districts the results are:

Madden, renominated in the First; W. R. Wilson in the Third; Adolph L. Sabath, Fifth; Frederick Lundy, Seventh; Charles Miller, Twelfth; James McKinney, Fourteenth; George W. Prince, Fifteenth; Joseph W. Graft, Sixteenth; John A. Stirling, Seventeenth; William B. McKinley, Nineteenth; Henry T. Rainey, Twentieth; James M. Graham, twenty-first; William A. Rodenburg, Twenty-second; Martin D. Foster, Twenty-third; Pleasant T. Chapman, Twenty-fourth; and N. B. Thistlewood, in the Twenty-fifth.

SYMPATHY WINS

Caleb Powers Named for Congress in Kentucky District.

Lexington, Ky., Sept. 16.—Caleb Powers, tried five times for murder, probably is elected to congress in the Eleventh district. He had in jail eight years after the assassination of William Goebel. He has defeated Congressman Edwards for re-nomination, which is almost equivalent to election. Edwards did not begin an aggressive campaign until too late.

His friends had felt that Powers would not persist in running the race to a finish, but soon it was found that the country people were for him and then it was virtually too late for Edwards to master his fate.

Powers made a house-to-house canvass. His plea was that his long confinement in the jails was a matter of political persecution on the part of the Democrats because Goebel was killed. Late dispatches indicate that Powers has defeated Edwards by from 5,000 to 10,000. Edwards is at his home and admits his defeat.

DEED OF ENRAGED LOVER

Kills Woman Who Spurned Him, Her Sister and Himself.

Asheville, Ga., Sept. 20.—H. E. Mannes, enraged because she had rejected his offers of marriage, fatally shot Mrs. Virginia Royal, instantly killed her sister, Mrs. Cole H. Williams, and then turned the pistol on himself, putting a bullet in his head that caused death. The tragedy occurred at the home of Mrs. Williams, with whom Mrs. Royal resided.

Mannes, who is prominent in business, for several months has been paying attention to Mrs. Royal, who is a young and wealthy widow, but Mrs. Royal rejected his addresses.

Mannes thought Mrs. Royal's refusal to wed was due to the influence of her sister, Mrs. Williams, and frequently said he intended to get even. Mannes drew his will and paid all his debts and went to the home of Mrs. Williams and asked for Mrs. Royal. Mrs. Williams said her sister was sick in bed and asked Mannes to leave. Mannes at once drew a pistol and shot Mrs. Williams dead. Then he rushed into Mrs. Royal's room and shot her through the body as she lay in bed. After shooting Mrs. Royal he turned the pistol on himself, and fell across the mortally wounded woman with a bullet in his head. The husband of Mrs. Williams, who is a doctor, was summoned, and he came to find his wife dead and his sister-in-law and her lover dying.

BALLOONS SEEK EARTH

The Buckeye and New York Only Contestants Left in Race.

Indianapolis, Sept. 20.—According to dispatches from different sections of the east, the two contestants that still remain in the national championship balloon race are the Buckeye, commanded by James Wade, Jr., pilot, and A. H. Gorman, aide, of Cleveland, and the New York, and Captain B. Harmon, pilot, and Captain T. S. Baldwin, aide, of New York, aboard. The fliers were well scattered over the territory east and southeast of Pittsburgh.

RESULT OF RECOUNT OF VOTES

Omaha, Neb., Sept. 17.—Governor Shallenbarger announces that the recount of ballots in Douglas county has shown that Mayor James C. Dahlgren of Omaha is the Democratic nominee for governor of Nebraska, that he

now acknowledges the nomination of his opponent and that he will do everything within his power to bring about the success at the polls of Dahlman and the whole Democratic ticket.

PRESIDENT DAVILA BETWEEN TWO FIRES

Morgan On One Side, Indignant Populace On the Other.

Tegucigalpa, Honduras, Sept. 15.—This city is in a turmoil. The proposed ratification of the Morgan loan is the cause of the trouble. President Davila favors the ratification of the loan and recently announced that the agreement with the New York bank would be signed. Senor Paredes, the Honduran minister at Washington, was instructed to sign the convention, but Paredes is opposed to the loan and the minister asked Davila to send an other man to Washington for that purpose.

Before Davila could carry out his plan to have the agreement signed a storm broke out here. All of the anti-American politicians in Honduras are opposed to the loan and they have rallied their forces to prevent Davila from ratifying the convention. Tegucigalpa is full of angry politicians who have assumed a threatening attitude toward the president. The result is Davila is between two fires. If he signs the loan his former political supporters threaten to put him out and install Policarpo Bonilla in the presidential chair. If he refuses it will bring on his head the wrath of the state department at Washington and incur the enmity of J. P. Morgan and Company.

Manned Bonilla, who is not related to Policarpo, favors the ratification of the loan and his resumption of activity in the revolutionary line indicates that the Wall street interests are aiding him and that the overthrow of Davila has been definitely decided upon by the financial powers.

SEE THE JOKE?

Waggish Robber Steals Detective Association's Funds.

Columbus, Ind., Sept. 17.—The Kansas Horse Thief Detective Association of Nineveh township, Bartholomew county, has undoubted proof that an organization to stop thieving is needed. So much thieving had been reported that the farmers banded together and organized the association. The first funds of the association were given to Harrison Watts, the treasurer, the amount being \$6. Mr. Watts took the money home. That same night thieves entered the house and robbed him of the \$6 belonging to the detective association, as well as \$20 which belonged to Watts. There is no clue, but there is further work for the detective association.

Negro Roughly Handled.

York, Pa., Sept. 16.—Jas. Yellets, a colored barber of Wrightsville was attacked by a mob of several hundred persons who made a strenuous effort to lynch him because he had sent a threatening letter to Miss Helen Detweiler, daughter of Mr. and Mrs. B. F. Detweiler, prominent residents of the borough. The negro was slightly injured by the mob but he was finally lodged in the lockup by constables who had to fight their way to the prison.

Equivalent to Election.

Lexington, Ky., Sept. 16.—Caleb Powers, tried five times for murder, was nominated for congress in the Eleventh district in Thursday's primaries. He had in jail eight years after the assassination of William Goebel. He defeated Congressman Edwards for renomination, which is almost equivalent to election.

Shot Enemy and Escaped.

Jeffersonville, Ind., Sept. 14.—Geo. Williams, colored, aged sixty, will probably die as the result of a bullet through the body, fired by George Brown, colored, aged forty, who met him in the street and began shooting after a few words. Bad blood had existed between the men for some time. Brown escaped.

MAY REVIVE FEUD

Another of the Famous Hatfield Family Meets Sudden Death.

Bluefield, W. Va., Sept. 14.—William Blankenship, who shot and killed Dr. Wayne Hatfield, kin of "Devil Anse Hatfield" of the notorious family of feudists, was captured hiding in a cave. A posse armed with rifles surrounded the hiding place of the desperado, bent on taking him dead or alive. Blankenship's father appeared at the mouth of the cave and promised to turn his son over to the authorities if no harm was done him. A heavy guard is being kept over the jail where he was taken for fear that friends of Dr. Hatfield may attempt to mete summary justice on the accused man.

SHAKERS SIGN OVER ESTATE

Transfer \$150,000 Property to Man Who Agrees to Support Them.

Harrodsburg, Ky., Sept. 16.—The Society of Shakers, whose estate is near High Bridge, has transferred to Colonel George Bohon its holdings of 1,800 acres of the best land in Mercer county. The estate is valued at \$150,000, and in addition to a cash consideration of \$5,000, Colonel Bohon binds himself to support and care for the individual members of the society during the remainder of their lives. There are only fourteen of the Shakers left, and their ages range from seventy years upward.

Restraining Order Granted.

Frankfort, Ky., Sept. 17.—A restraining order has been granted in the federal court enjoining the state railroad commission from putting into effect its order changing the rates on coal carried to the Greenbrier distillery from the mines in eastern Kentucky. Suit had been filed by the Louisville & Nashville railroad against the Kentucky railroad commission to test the constitutionality of the McChord act, which gave to the commission the right to fix rates and to impose fines if the orders of the commission were not obeyed.

NIGHT RIDERS FIRE BARN

Both Equity and Non-Equity Society Men Suffer Loss.

Brookville, Ky., Sept. 16.—Night riders, presumably, burned two barns in Bracken county and although the losses were small, both Equity and anti-Equity men suffered, the barns of W. O. Bradford, an Equity Society member, and George B. Kenny, a non-Equity planter, being burned.

Bands of masked men appeared simultaneously at both places soon after midnight and were seen setting fire to the barns. During the night rider trouble in Bracken county last summer, Mr. Kenny permitted the state militia to encamp on his farm, and since that time he has frequently been threatened with violence.

HEIKE IS SENTENCED

Gets Eight Months and \$5,000 For Sugar Frauds.

New York, Sept. 20.—Charles R. Heike, former secretary of the American Sugar Refining company, was sentenced to eight months in prison and fined \$5,000 by Judge Martin in the United States circuit court on charges of conspiring to defraud the United States government out of duties on importations of sugar. The court granted a stay of sentence pending appeal to the United States circuit court of appeals.

The peculiarity of the case is that the defendant by some means has lost both feet and part of his legs so that he stalks about on the stula and late report is that he has broken guard and fled the realm.

DEMOCRATIC TICKET.

For Congress,
WM. J. FIELDS,
of Carter County.

"As goes Maine so goes the Union" was once a Democratic rallying cry. It may again become so.

A million and a half acres of land, comprising the Crow and Utah reservations, will be sold at auction by the Government on October 15 and November 1 next.

The publication of a story purporting to come from Beverly, that President Taft had decided to step aside as a presidential candidate in 1912 for Col. Roosevelt was denied at Beverly last night. It was authoritatively stated that President Taft would accept a second nomination from his party.

Caleb Powers defeated Congressman Edwards by 9,000 votes for the Republican nomination for Congress in the 11th district. And this is Kentucky again disgraced. As evidence of how the nomination is viewed by many Eleventh district Republicans, the Monticello Outlook, one of the leading Republican newspapers of the district, says editorially under the caption of "A Prediction":

"In our humble judgment, this nomination is the hardest blow the Republican party of Kentucky has received since the killing of Goebel, and it means that Kentucky will be represented in the next Congress by ten Democrats and one Republican. Caleb will be alone in his glory. It further means that the Democrats of Kentucky will sweep everything before them for years to come."

From Frozen Alaska.

Fort Liscom, Alaska.
Many thanks to the Big Sandy News. It is like an angel of Heaven, bringing glorious tidings of mountain homes into this desolate country, the land of the midnight sun. We landed here July 7th, 1910, mid joyous laughter and shouts of the troops we relieved to go back to the good old U. S. A. The snow has been falling in mountains and the air is being chilled by Jack Frost to a degree that would look like fleecy snow in my old Kentucky home. Gold mining is still going on in this country. A few big paying mines running here that pay above expenses \$1,000 a day.

Quite a crowd of the boys from the fort took advantage of the excursion given on one of Uncle Sam's boats to visit the noted Columbia Glacier. Everybody enjoyed the trip. The glacier is gradually pushing into the Bay of Valdez.

Bear is plentiful up here. The writer has had the good luck to come in contact with a big black bear. Mr. Bear and I were both very badly frightened. The bear weighed 400 lbs.

We got one boat a week from the United States. Foreign service is very nice.

The 16th Regiment of Infantry is at present doing duty here and will stay until June, 1912, before we sail for the good old U. S. A. Writer would like very much if some one from the town of W. would kindly write a column or two.

A Soldier.

To have your watch properly repaired take it to Mr. Rollings, at Conley's store. He is an expert watchmaker.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

resembling their native river as it is possible to make it. The aviary is as big as a whole city block, and the wire netting takes in whole trees and patches of scrubbery. Any one who visits New York and fails to "take in" this wonderful place loses a great deal.

I have studied the school system of the city of New York, and I learn concerning the public schools of this big city the more do I admire them. It is as far cry from the city of New York to the city of Louisa but the latter place would do well to copy a few things from the school system of this borough of Manhattan. Compulsory education is one. And they say it is easy. If a child is found out of school during school hours, and the truant officer is here, there and everywhere, he is arrested and the why and the wherefore ascertained. There is but one accepted excuse, illness, and this must be backed up by a physician's certificate. It is time to make the parent send his child to school. The city takes it and makes it its ward.

A New York teacher dare not strike a child. The rules are made known to him, and if he violates them he is reprimanded and cautioned. Upon a second violation the parent is informed. If he still transgresses he is given up as hopeless, incorrigible. Not a lot of it here, the city takes a hand, and the child's hood becomes his home. A short term of this seldom fails to make a refractory pupil glad to be decent and orderly. We might also copy with advantage the short daily sessions. Nine to twelve, one to three, these are the hours, but no time is lost. Every minute counts, and two hours mental work properly directed works wonders and is enough to any child.

Every rose has its thorn, so we are told, and I guess it's true. The thorn in New York's educational flower is the coexistence of the races. In this city Rome sits with Robert and Dutch sits with Deborah. It's awful, but do you know that the more intelligent blacks don't like it? They would much prefer a home of their own if they could have them.

Changing the subject, New Jersey and New York are going to follow Maine in November. G.W.W.

VERIFY IT.

The Proof is in Louisa Almost at Your Door.

The public statement of a Louisa citizen is in itself strong proof for Louisa people, but confirmation strengthens the evidence.

Here is a Louisa citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and how states the cure was permanent. Can any sufferer from kidney trouble ask better proof of any remedy?

The case is read of some. Mrs. T. A. Boston, of Louisa, Ky., says: "I sincerely trust that my testimonial will be read by parents having children afflicted with kidney complaint. My daughter was greatly annoyed by irregular passages of the kidney secretions, and she also complained of a dull pain across her back. Her brother was afflicted and she was afraid to return the kidney secretions. The contents of one box of Doan's Kidney Pills gave entire relief and in return, I consider this remedy worthy of endorsement." (Statement given January 23, 1908.)

A Permanent Cure.
On June 21, 1909 Mrs. Hester was interviewed and she said: "I am glad to state that the cure Doan's Kidney Pills made in my case has been permanent. My former endorsement of this medicine still holds good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

BIBLE STUDIES

SUCH SHALL NOT INHERIT THE KINGDOM OF GOD.

Galatians 5:15-26.—September 25.

"If we live in the Spirit, let us also walk in the Spirit."

ST. PAUL was a practical man, not merely a theorist; he brought his teaching down to a practical level which his readers could comprehend. Today's Study is one of these. Like all of St. Paul's epistles and epistles, it is addressed to the Church, to those who have turned aside from the broad road of selfishness and worldliness, to walk the narrow way, in the footsteps of Jesus, and thereby to become joint-heirs with Jesus in his Kingdom, which is shortly to bless the world. Nevertheless, many who are not saints, many who are not wholly consecrated to God, may draw valuable lessons from the Apostle's words in this lesson, as well as in others. Many lessons of life especially applicable to those who have made a consecration to be the Lord's followers are valuable also to the remainder of mankind.

The Christian has, so to speak, stepped out of his old self and become a New Creature, a Spirit being, which merely resides in the flesh and has interests that are distinctly separate and often antagonistic thereto. The Apostle says these to walk in the spirit, that is to say, to let their daily course of life be in accord with their new nature. So doing, they will resist and not fulfil the desires of the flesh. Why? Because they will realize that there is no antagonism of interests as between the desires of the flesh and their desires as New Creatures. The two are at warfare, the one desiring against the other. There may be a truce for a time, but there will never be peace between them. Our interests as New Creatures are along spiritual lines, while our depraved appetites and tastes go in the opposite direction. Hence the Apostle said, "Ye cannot do the things that ye would." As New Creatures you would follow in the footsteps of your Master, perfectly, but having fallen flesh, you cannot do this. You can only hobble after him at very most. But if we take this position and become his followers, we will be no longer under judgment according to the flesh, but will be judged as New Creatures, perfect in will—rendering the best obedience to righteousness we are capable of, under our handicap of imperfect human organism.

In order that none might make a mistake as to what would constitute the desires of the flesh, the Apostle recites them and declares that they are manifest or openly discernible, namely: "Fornication, uncleanness, lasciviousness, idolatry, witchcraft, hatred, strife, jealousies, wraths, factions, divisions, heresies, envyings, drunkenness, revelings and such like, of the which I forewarn you, that they which practise such things shall not inherit the Kingdom of God." These are works of the fallen flesh and antagonistic to righteousness. All of God's people are to resist them, if they would not lose his favor. They have the seeds of all these iniquitous things in their flesh, received by heredity, but their minds, their wills, have been changed, converted, turned around, brought to the doing of the will of God. As New Creatures they must not practise the fleshly things, else they will not grow in the fruits and graces of the Holy Spirit and will not be fit for the Kingdom.

The Apostle does not here say that if anyone were overtaken in a fault and that his temper, for instance, and got into strife, that this would bar him from the Kingdom. He might, indeed, through tears and prayers and divine forgiveness, come back into harmony with God and subsequently become a valued soldier of the Cross and follower of the Lamb. But if any practise such things they should know that they are developing and strengthening a character contrary to the one which God will approve; they are going backward and not forward. Let us note the difference between an accidental slip with a penitent recovery, and a wilful practising of a wrong course. Alas! how many Christians have the evidence in themselves that they will not inherit the Kingdom of God—unless they make a fresh start and reverse the order of their living!

If the Apostle led us into a tangled wilderness of human selfishness, thorns and thistles, as a specimen of the fruitage of the fallen flesh, he next leads us to the opposite direction, and shows us the fruits and flowers of sweet odor which belong to the garden of the Lord. He tells us that these delightful fruits of the Spirit should more and more be cultivated, and should be developed to perfection in our hearts, and, as far as possible, should overrun and cover and choke out the imperfections of our flesh. The fruits of this garden are all the fruits of the Spirit of God—all such as he originally planted in man and which have become vitiated through sin—all such as he now has implanted afresh and would develop in the hearts of his sanctified ones. The fruits of the Spirit, which should be manifest in all of the followers of Jesus in more or less perfection are these: "Love, joy, peace, long suffering, gentleness, goodness, faithfulness, meekness, temperance, against such there is no law."

The Apostle explains that those who have become Christ's followers have crucified the flesh with the passions and desires thereof. They have voluntarily agreed that they will live contrary to the emotions and desires of the fallen flesh. He urges, if we live by the Spirit, by the Spirit let us also walk! It is the Spirit of God which has quickened us and which ultimately is to perfect us. But it can perfect us only if we are led by it and walk in its ways. Otherwise we will not be fit for a place in the Kingdom, whatever other place the God's arrangements we may have. One of the most dangerous besetments of the Christian is vanity. It leads to more trouble, provokes more quarrels and enviousness than is generally supposed. If we are walking after the Spirit of our Master, it will mean that instead of being vainglorious we will be meek, humble, teachable. And only such will eventually be ready for the glory, honor and immortality which God will bestow upon the faithful at the Second Coming of our Savior.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers.
